

<b>Job Description:</b>	Geotechnical Engineer
<b>Reports to:</b>	Auckland Engineering Manager
<b>Location:</b>	Auckland

If you are looking to take the next step in your engineering career within a supportive and empowering team environment, this is most definitely the role for you.

Cook Costello pride ourselves on the quality each person brings to our team and are always keen to hear from outstanding individuals to add to our growing, innovative, multidisciplinary firm. We have an immediate requirement for a Geotechnical Engineer to join our immensely talented Auckland office in the heart of the CBD.

## Role Requirements

- 2-3 years' experience preferably within the Auckland Market
- Minimum Tertiary qualification of Bachelor of Engineering
- Working knowledge of NZ codes and standards
- Subdivision and earthworks construction monitoring experience
- Strong geotechnical design and report writing
- Ability to work accurately and independently whilst managing your time to meet project deadlines
- Ability to work well within a team to deliver projects

## Rewards and Benefits

- A Company focused on providing a healthy work life balance.
- A fun and energetic, family friendly culture.
- Support for professional registration (if applicable) and ongoing professional development
- A positive and empowering work environment
- The opportunity to be involved with a range of projects (residential and commercial) and experiences through our different disciplines
- The opportunity to travel between our Christchurch, Wellington, Auckland and Whangarei offices

Join us! Be part of a growing, innovative multidisciplinary company! All applications treated in strictest confidence.
